The Toxoid clinics conducted in the Spring were fairly well attended.

It is hoped that more mothers will take advantage of these clinics this coming Spring to have their children protected against diphtheria, tetanus and whooping cough.

It is also an opportunity to have the child, who is entering school for the first time next Fall, vaccinated and to have a physical examination.

Respectfully submitted,

NORA E. PARENT, R.N.

Forest Fire Prevention Is Everybody's Business

Carelessness is responsible for 97 per cent of all our forest fires. This is a serious indictment of our interest in our own welfare and that of our neighbors. In too many instances this carelessness results in the destruction, not of the careless one's own property, but of someone not even known to him.

Thoughtlessly thrown lighted cigars, cigarettes and matches from moving vehicles, by hikers, hunters, and fishermen; the careless burning of debris during hazardous periods; high winds or in dangerous locations; improperly extinguished camp or cook fires—all add up to the CARELESSNESS that means serious loss of property, disruption of industry and farm work and unnecessary expenditures of town and state funds.

It points to the need of eliminating CARELESSNESS so far as it concerns fire from our daily life. The rules are simple — your cooperation is earnestly solicited.

1. Be careful with fire in or near woodlands.
2. Be sure that all lighted material—cigars, cigarettes and matches—is completely out before discarding it. Use ash trays in autos.
3. Secure the required written permission to burn from your local forest fire warden when the ground is not completely covered with snow.
4. Insist that others be careful and comply with burning requirements.
5. Call the warden promptly when fire is detected and aid him to extinguish it.

Let's remember that FOREST FIRE PREVENTION is EVERYBODY'S BUSINESS and our MOST IMPORTANT undertaking!

TOWN OF LINCOLN

TO THE RESIDENTS OF LINCOLN:

Your School Committee reports that during the year just ending, it has accepted the resignations of: Mr. Wendell Tetley, Mr. Leo Bilodeau, Mr. Hollis Emery and Mrs. Uhlman who served faithfully and sincerely as members of the teaching staffs at the high school and grammar school.

In their places the committee has hired Mr. Frederick Branscombe, Mrs. Marie Bilodeau, Mrs. Alfa Bourey and Miss Bernadette Benard.

It should be noted that during this year there is no class in shop instruction. This did not come about because of the Board's desire to do away with such instruction but rather because it could not obtain anyone as a replacement for the resigning shop teacher. In place of this work, the Board installed a course in Latin and split up other classes for a more effective teaching of other subjects. As a result of this change, it would appear that more stress is now being laid on training the mind rather than the hand. It is the hope of the School Board that the level of instruction and the level of education will continue to be improved not only by a re-alignment of subjects but by the acquisition of new teachers.

The Board is pleased to announce that during the past year one of the high school pupils received first place in the statewide driver training competition; another received second place in the statewide science contest; the girls basketball team was undefeated; the boys basketball team was in the finals of the state tournament, and the other athletic teams performed almost equally as well.

It should be noted in passing that we do not have a driver-training teacher this year, but that efforts are being made to obtain one for next fall.

TOWN OF LINCOLN

The physical changes in the plant are the installation of a new back stop on the baseball field and the almost complete renovation of the first floor of the grammar school. In addition, the outside of the grammar school was painted and the school grounds generally improved. The Board hopes that the townspeople will make it a point to visit the schools and inspect them whenever they have the chance to see how their tax money is being spent.

It was the hope of the Board in 1954 that by reducing the budget \$1,000 it might have been able to show a corresponding saving in the tax levy but because the state aid to education dropped from about \$1,200 to about \$276 this saving could not be made. In preparing the budget for the coming year, we are doing our best to effectuate a \$1,000 saving. It does not look too hopeful. The basic policies for the coming year would seem to indicate that we shall try to raise some salaries and establish what we consider to be a fair minimum in both schools. It is also the hope not only to make the usual repairs and replacements in the buildings, but also to completely finish the job of renovating the grammar school which was started three years ago. When this has been accomplished, both school buildings should be in first-class condition. After that, it is the policy of the Board to make replacements on antiquated teachers' and children's desks and chairs.

A survey has shown that this equipment is far outmoded and the town has received full value for the money spent years ago on this equipment.

The Board would like to state in conclusion that it has enjoyed very pleasant relations with the Super-

intendent, Ronald A. Perham, and it looks forward to the future to the same friendly spirit being continued between him and the Board.

Physical examinations were again done by Dr. John MacDonald on all entering sports or taking Physical Education.

It was necessary to omit the usual vision clinic due to the lack of an optometrist. However, they will be resumed this coming year.

As it has been several years since we have had a local dentist, there has been no way of holding a Dental Clinic. About six years ago we secured the services of the Dental Trailer, through the State Health Department. Due to its heavy schedule, we were al-

lotted a very short time. Only the children of the first three grades had their teeth cleaned and were given three applications of Floride, an agent which helps prevent tooth decay. There were no fillings or extractions taken care of at this time. Therefore, in view of all this, the parents are strongly urged to make an effort to get their children to a dentist at least once during the school year.
